- <http://holmsblog.blogspot.com> - for details about the ministry of Jason and Sue Holm, GEM missionaries supported by BBC
- the Holm's have had four previous short-term teams come to engage in this type of trip, with great and rich success – including one from Strathroy Bethel 1FOR51 in November 2019. 1FOR51 Bethel GOERS from this last trip are available to share their experience with any potential GOERS on this new trip.
- successful applicants will be mature believers, with a heart and passion for

prayer, who are physically able to participate in walking prayer tours of the city. There will be visits to locations of interest, including those with significance in church history, areas where ministry is taking place, etc.

There will be meetings with missionaries and national pastors/workers who will share their ministry and have the team pray for them.

- Cologne has a population of one million people. There is significant ministry happening with the large number of refugees to the city.
- the team would stay in a local hotel; there would be some sightseeing as part of the trip.
